

Tele-Entry System Directions for Use

The tele-entry system will be programmed to your cell phone.

You will have the opportunity to provide a four-digit secret number (for your use only).

Instructions for your Guests:

Guests must scroll through the directory to locate your last name.

They will be directed to enter your unit number.

The tele-entry machine will then dial your cell phone.

Instructions for Owners

How to provide access to the building via the Tele-Entry System.

When you receive a call from the tele-entry machine, once you identify your guest and decide you want to provide access to the building, please press number 9 on your cell phone keypad. By pressing number 9 your telephone call will end, and the main lobby door will unlock.
